Visitor Information

The Bugatti Trust – Discover the world of Bugatti

Admission - The Bugatti Trust is open all year round on weekdays from 10am to 4pm; Monday to Friday from 1 March to 31 October and Monday to Thursday from 1 November to 28 February. Please check website for variations and admission details. Weekdays a small admission fee applies and children under the age of 16 with an accompanying adult come in for free.

On View - All year round an engaging permanent exhibition celebrating the Bugatti Family and its artistry through cars, sculptures, furniture, photographs, drawings, patents, models and much more. Annual thematic exhibitions focus on specific members of the family, Bugatti Types and Works' drivers.

Research - The Bugatti Trust provides access to 27,000 original factory drawings, in excess of 10,000 historic photographs, 1,000 Bugatti patents and a wealth of original documents. Available for academic use and research with preferential reprint rates for members.

Education - Details of educational activities and timing of workshops can be found on the Trust's website. Activity worksheets available for junior visitors. Special tours and talks can be organised for visiting schools and enrichment trips. Please contact the office for details.

Private Hire, Group Talks and Car Club Visits By prior arrangement - The Bugatti Trust can be booked for functions and group or car club visits as well as informal talks or illustrated lectures. All functions and visits can be tailored to requirements and priced accordingly throughout the year. Please contact the office for details.

Volunteers and Room Stewards - The Bugatti Trust could not function without its wonderful team of volunteers and if you would like to find out more about how to get involved, as much or as little as you would like to, please contact the office for details.

Rated 'Excellent' on TripAdvisor

For All

The Bugatti Trust Museum and Study centre is open all year round to visitors interested in cars, art, design, engineering and history of the Bugatti family. With a particular focus on Ettore Bugatti, the permanent display includes original Bugatti racing cars as well as examples of his exquisite engineering and design genius.

The display includes sculptures by Rembrandt Bugatti, celebrated animalier sculptor and furniture by Carlo Bugatti as well as artefacts from the family and racing memorabilia. Each visitor receives a personal introduction to The Bugatti Trust and Bugatti by a member of staff and hands on information during the visit with access to video material and a digital kiosk with engaging interactive material.

For Children

Welcoming the junior visitor: Children under the age of 16, accompanied by an adult, come in for free and are invited to do the visual detective quiz which is updated throughout the year. During special events the Trust runs free STEAM (Science Technology Engineering Arts and Maths) workshops. These might be learning how to draw a vintage Bugatti with wonderful artist Stefan Marjoram, some fun science experiments with the fab educators from Cheltenham Science Group (CSG) and more... See website for details.

Unique Historical Archives

The Bugatti Trust is an independent educational charity dedicated to the study of the works of Ettore Bugatti. It was formed in 1987 by the late Hugh Conway supported by a small group of Bugatti enthusiasts.

The original archives were based on his remarkable collection of historic material and now include 27,000 technical drawings, 10,000 photographs and thousands of historic documents made available for academic and educational research to visiting experts and enthusiasts from around the world.

Education and Membership

Annual membership to The Bugatti Trust is under £50 and offers free year-round admission, invitations to special members' events, preferential rates for photographs, drawings and selected publications. There is also a regular academic printed newsletter and a seasonal e-bulletin about the Trust's activity programme. The overall aims and objectives are to enthuse the next generation of engineers and designers. Contributions, donations and legacies received allow the Bugatti Trust to run an active educational outreach programme. In 2018 the Trust was able to support Bath University's Formula Student Team TBR, Gretton Science Day, Team Control Freaks from VEX Robotics CSG, Tewkesbury School, McPherson College, the Misha Black Awards and more.
